DETAILED ACTION

Response to Amendment

1. Applicant's cancellation of claims 54-57 and 64 in Paper No. 14 is acknowledged.

Drawings

2. This application has been filed with informal drawings, which are acceptable for examination purposes only. Formal drawings will be required when the application is allowed.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 65, 66, 67, 68, 69, 85, 86, 87, and 88 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a. Regarding claims 65 and 68, Applicant removed the limitation "extending generally in the longitudinal direction" (see lines 3-4). As set forth in previous office action (Paper # 12), said limitation rendered the claim vague and indefinite since, according to the specification (see for example Figure 2), flexible connectors 8 and 9 (the "structures" in claim 65, line 3) extend circumferentially, not longitudinally. Since Applicant removed said limitation (as opposed to clarify that the "structures" extend in the circumferential direction), now the claim is rendered vague and indefinite as to the scope of how the position of the "structures" is linked to "all forming circumferentially extending rows of cells" (see claim 65, line 4) and "forming

circumferentially extending rows of cells" (see claim 68, line 4). Claims 66, 67, 85, 86, 69, 87, and 88 depend on claims 65 and 68.

Allowable Subject Matter

5. Claims 58-63 and 70-83 are allowed.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
